# FOREWORD

Our yearbook begins on May 7, 1948, when, after three years of preparation, Elizabethtown College was accepted into the Middle States Association of Colleges and Secondary Schools. This accreditation places the college on the approved list of the leading graduate and professional schools of the nation.

We have deemed it the purpose of this book to record the many highlights of our college life since that memorable day and to relate them through pictures and captions in a convenient chronological order, so that these experiences will again live.

With this purpose in mind, then, read and reminisce.

## IN APPRECIATION

To a man of character, dignity, high esteem, deep convictions and Christian ideals . . . one who possesses a keen sense of humor blended with a forceful personality . . . a teacher who adds zest to his classes . . . a dynamic speaker who enthralls his audiences . . . a minister who lives out his teachings . . . a person who exemplifies the basic spirit of Elizabethtown College . . . to Dr. Ralph W. Schlosser, Professor of English, the Class of 1949 is honored to dedicate this *Etonian*.

guided by the light of the Christ" (taken from May Day script  
on World Brotherhood)

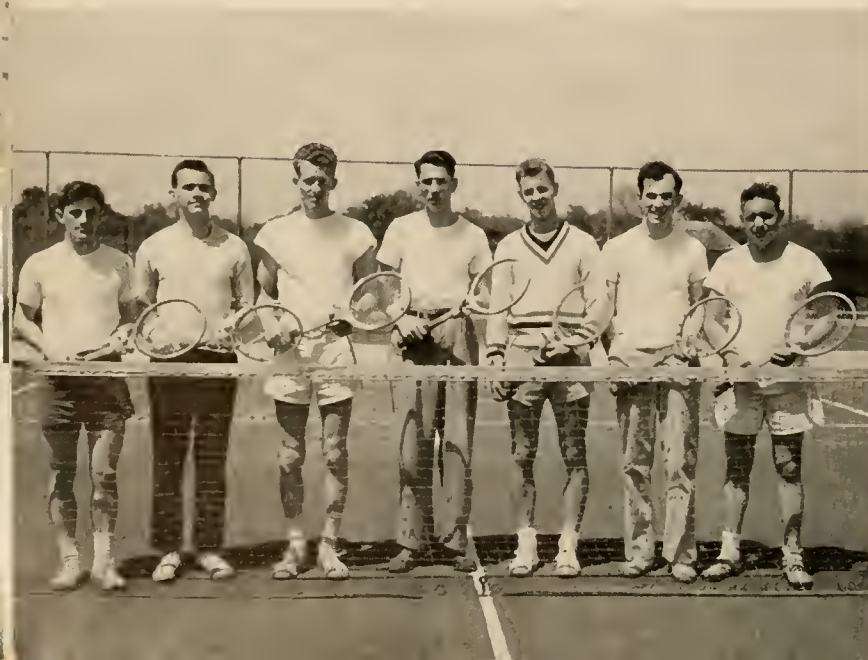

## Baseball

Chants from the infield . . . the catcher's words of encouragement . . . the pitcher's motion . . . the crack of horsehide as it meets solid timber . . . a roar from the crowd . . . churning cleats in the well-groomed turf—America's favorite sport provides all the thrills of the diamond as the baseball season returns to the campus.

Smashing serves . . . sizzling drives . . .  
high lobs . . . tricky drop shots . . . over-  
head smashes . . . and finally, the leap  
across the net as victor congratulates van-

## From the Etonian Editor

Dear Faculty and Students:

The 1949 Etonian staff greatly appreciated your recent photographing of campus groups and activities. It was relatively easy to follow when everyone works together.

We feel if this incident is duplicated with other campus groups, we will achieve a worthwhile unified spirit on the campus at Elizabethtown.

Thank you again.

Sincerely,  
Jane Frey, Editor

## Don't Daydream — Drive

During the Christmas holidays, there is an alarming increase in death on the highways. On Christmas eve and Christmas day, death from motor vehicle accidents are two to three times the annual average.

Facts show that drivers between 18 and 24 years of age were involved in 27 per cent of all fatal accidents last year.

A recent survey shows that the three main causes of accidents with young people are speeding, daydreaming and clowning, in that order. Speeding is the result of too much energy. But why let clowning be an auto.

The inability to resist distractions causes many car accidents. Driving is hard when there is no excitement. Don't try entertaining and driving at the same time.

Clowning is a tendency to show off and is resulting from these "thrills" are inexperienced drivers. Let's make this Christmas merry instead of many families and drive that car with some thought. Have all the fun you can be in a convertible or jalopy with extra care. (This editorial was written before the start of the Juniata game.—Editor)

## Too Much Complaining

What is wrong with the students of Elizabethtown who cannot assume responsibility for their work with good results? Is it because we have an amount of work that we get nothing done? The fact that one can work much more under pressure.

The president of the Student senate has to do all the little tasks that should be done by the student body. Why? Not because he is to be free of the work but because he knows the work is to get done on time he must do it. He does feel free to call on other persons for the persons on whom he can rely and he will get done.

Why does this condition exist? Students who are not when asked to contribute, where are they doing what? Most time . . . nothing. Reporters meet their deadline? Too busy . . . in that there have too much work.
